

2019

Learning Disability Week

Scotland's national Learning Disability Week will take place from Monday 13th - Sunday 20th May 2019.

This year's theme is community and we want everyone across Scotland to come together to celebrate how people with learning disabilities are active, connected and included within their local communities.

We're asking people to get together with their local communities and host a 'Communi-Tea Party' using the goodies in our Get Involved Pack.

Find out how you can get involved and get your hands on a Get Involved Pack at sclid.org.uk
