## 'Communi-Tea' Games Card

We want to make sure that everyone can get involved at your 'Communi-Tea' Party, so we've put together some fun games for people to play!

## Tea Tray Memory Tea-se

### You will need:

- A tea tray
- A tea towel
- 10-20 small objects (you could use some objects from this Pack).

People can play as individuals or teams. They can write down their answers or speak them out loud if you have somewhere people can play without being overheard.

### How to play:

1. Place the items on the tray
2. Give participants time to look at the objects on the tray and try to memorise. (People can ask what things are called if they are not sure.)
3. Cover up the tray and give people 2 minutes to name as many of the things on the tray as they can remember.

You might want to award a small prize to the winner(s).

## Tea Leaf Pictionary

### You will need:

- Tea Leaves

### How to play:

Players make pictures using tea leaves and others have to guess what they are.

You can award points for correct guesses and play first to a set number of points, or just play for fun!

## Looking for more games?

You can find more games on our website at:
