Annex B: Local Authority Level Learning Disability Statistics Scotland (2019)

This annex provides information about adults with learning disabilities known to local authorities, at local authority level.

Any comparisons between the data provided by local authorities should take account of local populations, priorities and geographical circumstances, as well as data quality issues, for example non-response error, which have been flagged where appropriate. Local authorities that did not return any data for a given item are included in the data completeness table on page 4. In the tables, a light grey fill in a row denotes that a local authority has not submitted data on that topic.

In particular, data users should be mindful of missing data across the individual topics.

North Ayrshire did not provide any data about adults with learning disabilities for the 2019 collection. The data provided by this authority for 2018 has been included in this annex.

Glasgow City Council provided aggregate figures for all topics requested, but this has not affected the information provided in this annex.

Local Authority Tables:

- Table B1a-c: Adults with learning disabilities known to local authorities (2019)
- Table B2: Adults who are on the autism spectrum (AS) by local authority area (2019)
- Table B3: Adults with learning disabilities who live with a family carer by local authority area (2019)
- Table B4: Accommodation type for adults with learning disabilities by local authority area (2019)
- Table B5: Adults with learning disabilities who use an advocacy service by local authority area (individual level data) (2019)
- Table B6: Adults with learning disabilities who use an advocacy service by local authority area (aggregated data) (2019)
- Table B7: Employment status for adults with learning disabilities known to local authorities (2019)
- Table B8: Category of employment for adults with learning disabilities known to local authorities (2019)
- Table B9: Further education attendance by adults with learning disabilities known to local authorities (2019)
- Table B10: Day centre attendance of adults with learning disabilities known to local authorities (2019)

Disclosure Control

Disclosure control has been applied to some of the tables in this annex to prevent the release of sensitive information. Where disclosure control has been applied it has been explained in a footnote. The method of disclosure control is explained below:

Rounding: Any value under 5 is rounded to either 0 or 5 and another value in the same row rounded to the nearest 5 to prevent differencing (calculating the suppressed value by subtracting from the total). This means that published zeros may or may not be true zeros.

Please note that while disclosure control has been applied to individual values, the totals for local authorities have remained unchanged. Therefore the sum of the values in each row may not add up to the local authority total.

*Values smaller than 5 have been disclosure controlled. This means any value under 5 is rounded to either 0 or 5 and another value in the same row has been rounded to the nearest 5 to prevent differencing (calculating a suppressed value by subtracting it from the total). Published zeros may or may not be true zeros.

Notes:

1. Age (as at 31/3/2019) is calculated from date of birth.
2. There are 15 adults whose date of birth has not been recorded. They have been included in the totals column for the number of adults known to local authorities.
3. These figures are likely to be an underestimate of the true number of 16 and 17 year olds with learning disabilities, as they do not include 16 and 17 year olds who are in full-time education.
4. In 2019, 9 individuals were recorded as 'other specific gender', 'gender not specified' or 'gender not known'. These individuals have not been included in any tables relating to gender, to prevent disclosure of identifying information, but are included in the totals columns in all other tables.

Notes:

1. City of Edinburgh, Clackmannanshire, Highland and North Lanarkshire Councils recorded all adults with an autism spectrum diagnosis known in the area as having an 'other autism spectrum diagnosis' which may reflect a processing, measurement or coding error or may relate to the way in which the local Management Information System captures the data.

*Values smaller than 5 have been disclosure controlled. This means any value under 5 is rounded to either 0 or 5 and another value in the same row has been rounded to the nearest 5 to prevent differencing (calculating a suppressed value by subtracting it from the total). Published zeros may or may not be true zeros.

Table B5: Adults with learning disabilities who use an advocacy service by local authority area (individual level data) (2019)*

Data users should be aware of the limitations of this data. Individual level data on advocacy have large amounts of missing data for a variety of reasons. First, it may not be appropriate or desirable for advocacy organisations to share data about individuals with learning disabilities with local authorities, especially if the individual requires some support with an issue relating to the local authority. Second, there may be difficulties with matching data provided by advocacy organisations. Third, local authorities and advocacy organisations may not have data sharing agreements in place. Fourth, a given adult's advocacy requirements or status may not be routinely collected by local authorities. Missing data has not been imputed.

Notes:

1. Falkirk Council provided both individual and aggregate level data for this item.
2. These data were collected on an individual level basis. This means a record was returned for each individual detailed in the statistics release.
3. * denotes local authority returned aggregated data only (see table B6).

Table B6: Adults with learning disabilities who use an advocacy service by local authority area (aggregated data) (2019)

| Local Authority | Total adults | Estimate of adults as % of all adults |

| West Dunbartonshire | 127 | 27.7 |
| West Lothian | 172 | 24.7 |
| Scotland | 715 | 3.0 |

Notes:

1. This table only includes local authorities that submitted aggregate level data.
2. Falkirk Council provided both individual and aggregate level data for this item.
3. This information was returned by local authorities as aggregated data. This is because these local authorities could not provide data for each individual person detailed in the statistics release but could state how many people with a learning disability have advocacy support overall. There is potential for duplication of records in the aggregate data on advocacy, as one individual may seek support from more than one organisation and thus be counted multiple times.
4. Figures in **bold black text** denote local authorities who returned aggregated data and no individual level data. Local authorities who returned both individual level and aggregated data have been recorded with grey text.

*Values smaller than 5 have been disclosure controlled. This means any value under 5 is rounded to either 0 or 5 and another value in the same row has been rounded to the nearest 5 to prevent differencing (calculating a suppressed value by subtracting it from the total). Published zeros may or may not be true zeros.
