

# Leadership bingo

Use the card on the other side of this sheet to play leadership bingo. After you've played the game, you can use the bingo sheet to talk more about leadership and what it means. Here are some suggestions:

- ★ Tick the boxes that feature the skills a good leader should have
- ★ Think about the skills that you have that could make you a good leader
- ★ Think about some of the people that you know who are leaders. What is it that makes them good leaders?
- ★ What opportunities are there for people with learning disabilities in your organisation to be in leadership positions
- ★ Signpost people with learning disabilities to leadership opportunities (see page 32 of the main pack for more opportunities)
