

Digital Transformation and People with Learning Disabilities

Consent Form for Family Carers

Thank you for agreeing to record your experience as part of this project.

Please read this document along with the information sheet.

We would like you to record a week in your life. You can do this any way you choose.

We would like you to record when you are using digital technology. We would also like you to record anything frustrating that comes up.

We will look at the recordings and make a note of all of the things that come up.

This will let SCLD investigate what everyone is saying in this project and write about what people say is important to them.

Confidentiality

Only members of the SCLD team will be able to see the things you record.

Your personal information will not go in the report.

No one will be able to tell who you are from reading the report.

Do I have to take part?

It is up to you to decide.

You can say **yes** or **no**.

If you do not want to take part, it will not make any difference to your rights, benefits or support.

If you change your mind about taking part that is ok, you can just stop.

If you don't want us to talk about your experiences anymore, that is ok, we will remove them. If we have already written a report we cannot change that.

Are there any risks if I take part?

There are no risks to taking part but recording and thinking about your experiences might make you feel sad or upset.

If you do not like doing the recording you can stop.

If the researcher is worried about your safety or the safety of other people then they will need to tell someone. They will talk to you about this.

Who can I ask about this?

If you want to take part in the research or have any questions you can ask the project lead Ruth Callander on 0141 248 3733 or email

Ruth.C@sclد.co.uk

Agreement

Please sign your name below if you agree to take part in the research.
