We will record the interview or focus group

We will write down what was said in the interview or focus group.

This will let SCLD investigate what everyone is saying in their interviews and focus groups and write about what people say is important to them.

Your personal information will not go in the report.

No one will be able to tell who you are from reading the report.

Do I have to take part?

It is up to you to decide.

You can say **yes** or **no**.

If you do not want to take part, it will not make any difference to your rights, benefits or support.

If you change your mind about taking part that is ok, you can just stop.

If you don't want us to have your answers anymore, that is ok, we will remove them. If we have already written a report we cannot change that.

Are there any risks if I take part?

There are no risks to taking part but talking about your experiences might make you feel sad or upset.

If you do not like answering the questions we can stop.

If the researcher is worried about your safety or the safety of other people then they will need to tell someone. They will talk to you about this.

Who can I ask about this?

If you want to take part in the research or have any questions you can ask the project lead Ruth Callander on 0141 248 3733 or email
